Franke,

I will not take any calls from the press - for us it is too damaging - we still have to try to continue to work in our community, and to pursue a fight that is clearly a Canadian one, and not a Croatian one for us becomes more and more a Don Quijote fight, particularly since the European exhibitions have been cancelled.

Nektarina is not the kind of organization that pursues media harassment (and for us it has been just that - a harassment from Canadian media that pursues a Canadian issue and uses us as collateral damage). I appreciate that you may perceive that as a good thing for us, but it is not. As I tried to explain before - we do things differently, and our communities perceive things differently.

We will not be releasing any emails, documents or further statements regarding this, apart from those already on our website.

We have to cut our losses and move forward. I hope you can appreciate our position.

All the best
Sandra

Sandra,

[REDACTED] from CBC French National TV News is going to call you. His phone number is [REDACTED]. I don't have an email for him.

I gave him a recap on the events, and told him we've cancelled the show. He wants to interview me on Friday.

Franke
